GOD'S WORD ON… FAMILY

What is one thing that annoys you about living with your family?

_____

What is one thing that you love about your family?

_____

Families were God's unique idea from the beginning. There is no greater institution, no better group of people to effect positive change in the world than the family. There is no better place to learn the essential principles of life than the family. And nowhere can the truths of God's Word be more effectively taught and modelled. Conversely, there is no institution, no group of people with more power and ability to destroy a person than the family. Physical and verbal abuse, as well as neglect, can damage the emotional well-being of a child well into adulthood, and often for a lifetime. The failure of parents to teach spiritual truths to their children directly impacts their relationship with God and how they treat others. Family is the environment that shapes a child's lifetime direction.
